2. Report:

As per the tradition, Teachers' day has been celebrated at AI & DS Dept. FTC COER Sangola on 05/09/2024. The program began with introductory Talk by Dr. S.L. Pawar HOD AI & DS. He said that now a day, parents are paying more attention to their children's education. So for the competition, students should work hard to achieve success, what is easy should be done easily and what seems easy should be made more beautiful and what should be beautiful should be preserved because another name of luck is hard work. The joy that comes from hard work is indescribable. The work of Sarvepalli Radhakrishnan is inspiring the our nation even today. We should take inspiration from him and achieve our goals in our life. Also added that Sarvepalli Radhakrishnan was an Indian politician, philosopher and statesman who served as the second president of India from 1962 to 1967 etc.
