### 1. Photos of the events:

Introductory Talk by Guest Prof. Sanjay Pawar

### 2. Report:

As per the tradition, Welcome Function has been celebrated at AI & DS Dept. Fabtech Technical Campus, College of & Research, Sangola on 7/10/2024. The program began with introductory talk by Prof. S.A. Pawar. The Welcome Function for the Second-Year (SY) students was organized to officially mark the transition of students from their freshman year to the second year of their academic journey. The purpose of the event was to familiarize the students with the new academic environment, promote a sense of belonging, and encourage them to take full advantage of the opportunities ahead. It also provided a platform for interaction between students, faculty, and senior students, fostering a sense of community within the institution.

### **3. Objectives:**

- To welcome and motivate the SY students as they progress in their academic journey.
- To create a fun, engaging environment to strengthen bonds among students and faculty.
- To inform the students about the upcoming academic challenges and opportunities.
- To introduce various clubs, societies, and activities that they can participate in.

The event was a vibrant mix of formal addresses, entertainment, and interactive sessions aimed at making the SY students feel welcome and excited about the upcoming academic year. The program was divided into different segments:

#### **a) Inaugural Session:**

The event began with the lighting of the ceremonial lamp, followed by a welcome speech from the **Dean Student Prof. S. A. Pawar**. A motivational talk was also given by the Chief Guest, **Dr. T. A. Dhaigude**, who shared his experience and offered valuable advice on how to succeed in the second year and beyond.

#### **Welcome Speech Highlights:**

- Emphasis on hard work and dedication.
- Importance of balancing academics with extracurricular activities.
- Encouragement to engage in internships, projects, and club activities to develop both academic and professional skills.

### **2. Introduction of Faculty and Department Overview:**

A brief introduction to the department and its faculty members was given by the department's coordinator. The students were made aware of the courses, projects, and research opportunities available to them in the upcoming semesters.

#### **Key Points Covered:**

- Overview of core subjects and elective options.
- Information on internships, industry projects, and guest lectures.
- Introduction to student support systems such as mentoring programs and academic advising
